STUDIES APPLIED FOR

Master of Science

EDUCATION AND TRAINING

15/09/2009–30/05/2013

Bachelor of Science

Faculty of Science, Cairo University, Giza (Egypt)

In May 2013, I was awarded the B.Sc. in Chemistry/ Zoology Program, Faculty of Science, Cairo University, with a GPA of 3.578 (85.78%, Excellent Grade). Among the top 5% percent of my faculty students.

WORK EXPERIENCE

26/11/2015–Present

Research and Teaching Assistant

Faculty of Science, Cairo University
9 Al Gameya, Oula, Cairo University, 12613 Giza (Egypt)
<https://cu.edu.eg>

- *Research interests:* Finding out a novel possible drugs for the treatment of the endemic diseases by studying their efficacy *in vivo* or/ and *in vitro*. For instance, finding out novel drugs (Natural product extracted from animal, plant and insects, microorganisms or synthetic product like nanoparticles) for the treatment of the endemic diseases, such as Colorectal Cancer, Sepsis, Liver Cirrhosis, and anemia, evaluating these drugs efficacy *in vivo* or/ and *in vitro* as well as discovering the possible molecular mechanisms undergoing for this treatment.
- Teaching duties: Courses taught, like Physiology (Biochemistry, Hematology), Molecular Biology, Biotechnology, Histology, Genetics, Embryology, Cell Biology, Chordates.
- Language of teaching: English
- IELTS: Overall Score: 6.0

Business or sector Education

08/06/2015–06/12/2015

Occupational Safety and Health Specialist

Directorate of Manpower, Giza (Egypt)

30/05/2013–06/06/2015

Scientific Laboratory Technologist

El-Marwa Hospital, Giza (Egypt)
